SOME TIPS FOR YOUR STAY AT LOCANDA SAN BERNARDO

YOUR ARRIVAL

° Once you receive the link and code to activate your Sclack key (you can see how to do this in the Sclack key guide), you'll be able to enter the facility and park inside the courtyard.

Please try to park in the spaces furthest to the right-hand side as you drive into the courtyard as this will ensure ease of parking and exit for other guests.

Sample photo:

° The rooms can be reached using the stairs or elevator and signs are displayed throughout the facility to help find your way around the property.

° It's a short walk to the secure bicycle storage room, which remains available to our guests at all times.

OUR ROOMS

° Rooms at the Inn are numbered and we'll let you know before your arrival which room you've been allocated

° **WiFi line: LSB-Guest.**
WiFi password: lsbg3st

° Hot/cold air conditioning is centralised and automatic but you can adjust the temperature to your preferred level using the buttons on the thermostat in your room.

° Please do not bring any food into the rooms.

BREAKFAST

° Breakfast is served from 8 to 9:30am on the ground floor and can be reached by following the smell of freshly baked croissants and coffee

° Plain croissants and fruit jams, cakes, yogurt, fresh fruit salad, ham, cheese and toast are accompanied by cappuccinos and other coffees made using a traditional mocha percolator

° If you'd like to add two hard-boiled eggs to your breakfast (for an extra charge of EUR 5) please let us know when you check in by calling or sending us a message on our WhatsApp no.: +39 320 335 2492

° If you plan to start your day a little earlier, we can serve you breakfast from 7:30 am if you let us know when you check in or complete your booking.

THE LIFT

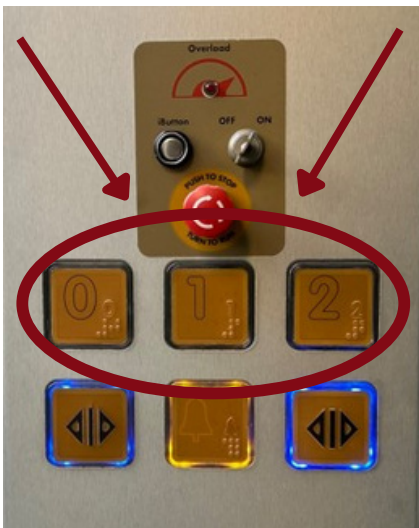

° You can use the Locanda's elevator by following these simple steps:

1) Push the green button for 2 seconds to open the door or call the elevator to the floor you're on.

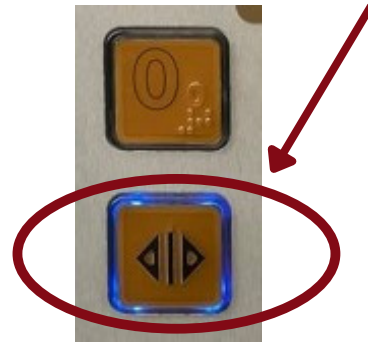

2) Once inside, make sure you stand in the center of the cabin and avoid touching the glass walls because the elevator stops if you touch their surfaces for safety reasons

3) Push and hold down the button for the floor you want to reach until you have arrived (e.g., 0, 1 or 2).

4) When you have descended to the ground floor ("0"), the button that opens the door to the courtyard has the following symbol: "<|>". This is placed below the button for the number "0".

CAUTION:

If the elevator stops during its ascent or descent, ensure that you haven't taken your finger off the floor button or touched the glass sides. If have touched the sides, make sure you are no longer touching the sides and hold down the floor button again.

BICYCLES BOXE

° When you enter the courtyard, you'll see signs directing you to the storage room in which you can securely store your bicycles overnight

° A set of tools and pedestals are available to allow you to carry out any maintenance on your bicycle.

TO EXIT

° To exit the courtyard look for the two buttons just before the gate: one for pedestrians and the other for vehicle drivers

Simply press either button once and wait for it to open.
